re: OU 2 Tech Memo #7

Dear Mr. Schassburger:

Following review of the referenced document, and consultation with CDH representatives, EPA is hereby granting approval of OU 2 Technical Memorandum #7, on the condition that the CDH concerns raised in their January 21, 1993, letter are satisfactorily resolved.

We will continue to work with Mr. Scott Grace of your staff to expeditiously resolve the concerns raised by CDH, in order that surface soil sampling can proceed as scheduled. If you have questions or would like to discuss the progress of this effort, please contact Bill Fraser (EPA) at 294-1081.

Sincerely,

A handwritten signature in cursive script, reading "Martin Hestmark".
